CALIFORNIA STATE COLLEGE AT SAN BERNARDINO

January 6, 1967

The BULLETIN

SOCIAL AND CULTURAL AFFAIRS

The first of five programs in the new Noon Series sponsored by the Lectures and Public Affairs Committee will feature the well-known southern California soprano, Marie Gibson, in a forty-five minute concert consisting of art songs, one operatic aria, and a set of English folk songs. The concert will be held in C-116 on Tuesday, January 10, at 11:30am and will be repeated at 12:30pm. Students, faculty and staff are cordially invited to attend. There will be no admission charge. Other programs in the Noon Series and the evening film series will be announced next week.

Announcements of events come to the Publications Office from both San Bernardino Valley College and the University of California at Riverside. Although they are too numerous to mention in the Bulletin, we would like to remind you that the State College Community is welcome at such affairs and you will find notices on the various bulletin boards.

On Friday, January 13, the Associated Student Body will sponsor a Back-to-School Social in C-116, from 8:00pm to midnight. Faculty welcome.

Also on Friday, January 13, the Natural Sciences Division will hold a colloquium at 3:30 in C-110. Guest will be Dr. Arlo Harris, Assistant Professor of Chemistry, California State College at Fullerton, speaking on "Solid State Chemistry".

POST HOLIDAY

Everyone enjoyed the very pleasant Coffee given by President Pfau the week before Christmas. Where else would you find secretaries who bake such delicious cookies as Doris Ward and Mary Dye? We also offer a vote of thanks to Beverly Billing for the beautiful home-grown Christmas Tree.

PERSONAL MENTION

As many of you know, Mrs. Grace Watt has been in the hospital with serious illness. Anyone wishing to help replace blood in her name may make donations at the San Bernardino-Riverside Blood Bank at Mill and E Streets in San Bernardino. The phone number at the Blood Bank is TU 5-6503. The Student Health Services is presently investigating the possibility of setting up a reserve blood supply for the College community. We certainly wish Grace a quick recovery.

COLLEGE BUILDING PROGRAM

Contracts were awarded on December 21 to three San Bernardino firms for the utility tunnel which will connect the central utility and air conditioning plant with the two science buildings. Total for three separate bids, \$801,459, was considerably less than the lowest bid on the job under one contract, and came well within the estimated cost. Completion should be by the end of May.

CAFETERIA

On December 13, the Bookstore-Cafeteria Advisors' Committee met with representatives of the Harding-Williams Company - the vice-president, the Western Area Operations Manager and Laurie Howard, Cafeteria Manager. Presented with a price comparison study prepared by the College Business Office, the company official agreed to lower prices on many of the most popular items and introduce new, lower-priced sandwiches and snacks. The company also promised to look into the specific complaints made on food quality and freshness. It was agreed that a supply of hamburgers would be made up a few minutes ahead of the lunch rush hour to help speed service. The company requested that cafeteria users buy their own paper dishes.

Members of the Committee are: Richard Bennecke (Student Body President), James Crum (Faculty Senate Representative), Leonard Farwell (Business Manager), Kenneth Lohmuller (Staff Member), Mark Mollet (Senior Class President), Kenton Monroe (Dean of Students), Phillip Present (Faculty Senate Representative), and Jo Ann Von Wald (Staff Member).

DIRECTORY CHANGES

Our apologies to Mr. Goss, who was inadvertently left out of the Directory!

Add

- 367 Goss, Robert T. (Edith), Instructor in German, Humanities, A-167, 445 W. 49th St., San Bernardino 92407, TU 2-8769.

Nancy Williams - 1944 W. 19th St., 92405, TU 7-3153.

Marjorie Maynard - (new phone) 874-0871.

NEWS OF THE FACULTY

Mr. James Urata (Building Coordinator) was honored by being chosen "Kiwanian of the Year" for 1966. He was given a handsome plaque and commended for outstanding club and community service.

Dr. Robert West (Education) has been instrumental in arranging a conference this spring in innovations in teacher education. The state-wide gathering will be sponsored by the Commission on Pre-Service Preparation of the California Council on Education of Teachers and the United States Office of Education. Dr. West will act as a committee co-chairman.

Mr. Doyle Stansel (Placement and Financial Aid) spoke to the San Bernardino Soroptimists last week on "The College and Student Financial Aid."

Dr. Jerome Green (Sociology), Mr. Walter Douglas (Philosophy) and Mr. Roger Schmidt (Philosophy) will be joining the faculty for the current term. Dr. Green will be replacing Mr. Lawrence Sneden; Mr. Douglas and Mr. Schmidt, who are both on the faculty at San Bernardino Valley College, will be taking Dr. Leslie Van Marter's classes during his leave.

Mr. Lucas Lawrence (Audio-Visual) has a newly published book, Electronics in Oceanography, Sams, Bobbs-Merrill & Co., Indianapolis and New York, January, 1967. It is the first electronics-type treatise on this subject.

PLAYERS OF THE PEAR GARDEN

Have you always wanted to act? Have you always wanted to direct? Have you always been afraid? Is there some role you have always wanted to play? Now is your chance! All those interested should meet Tuesday, January 10th in Room C-110 at 3:30 to plan and organize.

BOWLING LEAGUE

Have you always wanted to bowl? Have you always wanted to be on a winning team? Have you always been afraid to try? . . . Three films and free instructions will be offered to prospective bowlers on Friday, January 6 at 7:00pm at the San Hi Bowling Lanes, 1500 W. Highland Avenue, San Bernardino. Another evening of films and instructions will be scheduled the following week and on Thursday, January 19th at 6:30pm the league is to be under way.

NEW MAJORS

Announcement has been made by Dean Scherba of three new majors to be offered by the College next fall. With the completion of the new Physical Sciences Building a major in Physics will be available for entering freshmen. Music and Art will be the other two majors added and facilities for these two areas of study will be made available in the new Biological Sciences Building as well as in remodeled areas of the Cafeteria Building. Recruiting for new faculty in Art and Music is now in process.
